EXPERIENCE

- Freelance Web Developer** Remote
Skill Enhancement and Self-Development July 2024 – Present
 - **Continuous Learning:** Dedicated time to learning and practicing new technologies, focusing on front-end development tools and frameworks like React, Next.js, and Tailwind CSS.
 - **Personal Projects:** Worked on personal projects to apply and reinforce newly acquired skills, ensuring ongoing professional growth and preparation for future opportunities.
 - **Career Continuity:** Maintained active engagement in the tech field to avoid gaps in career progression, while using freelance as a platform for self-improvement and exploration of cutting-edge technologies.
- Kashkaldak - kindergarten named after Azim Narmatov** Doha, Qatar (Remote)
Full Stack Engineer March 2024 – July 2024 (5 months)
 - **Project Architect:** Architected the entire project remotely for a client based in Kyrgyzstan, facilitating the transition of client documentation into a digital format. This transformation enabled the online submission and processing of documents by parents, streamlining operations and improving efficiency.
 - **Next.js Front-End Architecture:** Designed and implemented the front-end architecture using Next.js, ensuring minimal JavaScript load on the client and optimizing performance.
 - **Google Search Optimization:** Deployed the project and implemented SEO strategies to enhance visibility and improve search rankings on Google.
 - **PWA Enhancement and XSchedule Customization:** Enhanced Progressive Web App (PWA) features and forked the XSchedule library to tailor it to specific needs, resulting in improved performance and functionality.
- Cool Band - famous band group in Bishkek** Doha, Qatar (Remote)
Front End Team Lead November 2023 – April 2024 (6 months)
 - **Project Leadership:** Spearheaded the development, increasing overall project efficiency by 30%.
 - **Admin UI Development:** Reduced development time by 40% by individually designing and implementing an admin panel.
 - **Team Productivity:** Enhanced team productivity by improving collaboration processes, resulting in a 25% increase in output.
 - **API Integration:** Facilitated seamless API integration with the back-end, effectively resolving over 10 integration issues.
 - **UI/UX Optimization:** Worked closely with designers to optimize UI/UX, significantly enhancing user experience and engagement.

PROJECTS

- **Cool Band:** A project featuring a presentation page and a content management system (CMS) designed to efficiently manage and showcase their business model.
- **Kashkaldak kindergarten:** Architected a digital solution for Kashkaldak to transition document management online, allowing parents to submit documents digitally. The project improved client documentation processes and facilitated remote operations.
- **OpenGraph Service:** A service designed to retrieve Open Graph data, used for generating rich link previews and improving the presentation of shared links.
- **HelloItSafari:** A proof-of-concept Hugo project showcasing skills in building efficient static sites with a user interface for handling content.

EDUCATION

- Codecademy** Online
Full-Stack Engineer Professional Certification Mar 2022 – Apr 2024
- Jusup Balasagyn Kyrgyz National University** Bishkek, Kyrgyzstan
Master's Degree in Law; GPA: 3.73 2014 – 2016
